Diversity and substantial advantage

- New ergonomical locking latches
- Optional ergonomical handle slots or shell handles
- Can be lead-sealed with newly developed seal (also compatible for conventional seal)
- New snap-on lids can also be sealed
- Lid hinges provide better protection from access to the inside
- Safely stackable via depressions in the upper rim
- Short sides arrest while opening, preventing independent closure
- Optional installation of castors on the bottom part
- Stacking compatibility with RAKO and older folding box
- Label holder can be installed in six positions
- Reinforced base with welded plate
- Manufactured in Switzerland

The following options may be additionally implemented upon request:

- Sealable side flap on the side wall
- Welded side walls
- Design as skid version with sub-welded half-pallet
