Each turns a profit.

Space saving

Stack/nest Containers are stackable containers that are nested when empty, thus allowing a significant reduction in volume. Containers for alternate stacking are stackable in one position due to their design. Turning the upper container around 180 degrees means that two boxes can be nested into one another. The transport volume is thereby reduced by up to 85%, depending on the type of container.

Stack/nest system

The containers are stackable in this position.

After a rotation of 180° ...

... the containers can nest within one another.

600 x 400 mm

Internal dimensions:
top: 565 x 378 mm
base: 535 x 355 mm

Article code	Height	Volume	Weight
3-853-1	132 mm	23 litres	1.3 kg
3-861-1	150 mm	25 litres	1.4 kg
3-808-1	160 mm	27 litres	1.6 kg

Height:
320 mm

Internal dimensions:
top: 545 x 375 mm
base: 515 x 345 mm
Usable intern. height
in stack: 290 mm
Stacking height: 308 mm
Nesting height: 80 mm
Volume: 55 litres
Weight: 2.3 kg

Lid

Article code	Base	Sidewalls
3-500-500	solid	solid
3-500-501	solid	solid knops for label pockets on one short side
3-500-512	slotted	slotted knops for label pockets on one short side

Standard colour 3-925-5

pale blue

3-925-5	slip lid
